(Delivered, Week 15c)

JAIL SUSPECT IN MURDER CASE CHANGE OF VENUE IS GRANTED H. B. FEUSTEL

FORMER BROKER WILL BE GIVEN TRIAL BEFORE CANTON COURT

Prosecutor Beck Withdraws
Opposition to Motion of
Defendant.

HEARING ON WEDNESDAY

Investment Co. Secretary-
Treasurer Faces Embez-
zlement Indictment.

The case of the state of Ohio vs. Herman B. Feustel, this city, secretary-treasurer of the now defunct Empire Investment company, indicted for embezzlement, will be heard before the Stark County Common Pleas court in Canton.

The prosecuting attorney's office in Lisbon Wednesday withdrew its opposition to the motion for a change of venue in the Feustel case. The motion had been scheduled for a hearing before a foreign judge in Lisbon December 8.

"It is the intention of the prosecution," declared Assistant Prosecuting Attorney Jesse Hanley, Wednesday "to give Herman B. Feustel a fair trial."

A second hearing on the motion for a change of venue was held before Common Pleas Judge J. G. Moore in Lisbon Wednesday at the request of Prosecutor Walter Beck. Judge Moore was in the act of assigning the case for trial in Jefferson county when counsel for Feustel protested, claiming that 15 stockholders in the bankrupt concern reside in Steubenville and Jefferson county.

The case will be heard before one of three Common Pleas court judges in Stark county. The date for the trial has not been set, but the case will likely be included in an early criminal assignment in Canton.

Ten additional affidavits supporting the claim of prejudice in Columbiana county against the accused that would interfere with a fair trial were filed Tuesday by Feustel's attorneys. East Liverpool men filing affidavits were Dr. John M. McKinney, James A. Price, J. Q. Mason, Samuel Bloor, Ambrose Hancock and Albert W. Corns. W. E. Connell, L. D. Overlander, B. F. Todd and Albert Jones all of East Palestine also filed affidavits. Nine East Liverpool and Wellsville men had previously filed affidavits in support of the motion for the change of venue.

Copies of newspapers carrying accounts of the trial of King M. Brumfield, former bookkeeper of the Empire investment company, indicted jointly with Feustel on embezzlement charges were filed with the court.

"FINAL WORD" FOR COAL MEN

Dr. Garfield Will Tell Opera-
tors and Miners Gov-
ernment's Stand.

WASHINGTON, Nov. 26.—The govern-
ment will make its "final state-
ment" to the coal miners and opera-
tors at 5 o'clock this afternoon.

Dr. Garfield, fuel administrator, made this announcement this after-
noon after being in session with the
cabinet for more than two hours.

"I will call the miners and opera-
tors together about 5 o'clock this af-
ternoon," said Dr. Garfield. "At that
time I will make a definite statement
to them. It will be the final state-

CINCINNATI MAN GETS THANKSGIVING PARDON

COLUMBUS, Nov. 26.—Louis
Miller, of Cincinnati, is the recipi-
ent of Governor Cox's Thanksgiv-
ing day pardon.

Miller is serving time in the
penitentiary for manslaughter. The
state clemency board is of the opin-

carrying concealed weapons.

Prosecuting Attorney Capelle in-
formed the governor that Miller
did not commit the crime inten-
tionally. The trial judge, the gov-
ernor was informed, had consid-
ered suspending Miller's sentence.

LARCOMBE WILL QUIT CITY JOB NEXT MONDAY

Street Commissioner Tenders
His Resignation to Mayor
Wilson.

HELD POST TWO YEARS

Accepts Labor Foremanship
at Knowles, Taylor and
Knowles Pottery.

Brady Larcombe, city street com-
missioner, Wednesday tendered his
resignation to Mayor J. S. Wilson to
take effect December 1st. Mr. Lar-
combe has accepted the position of
labor foreman with the Knowles, Tay-
lor and Knowles pottery company.

Street commissioner Larcombe has
been employed on the street depart-
ment for over 11 years. He was ap-
pointed after succeeding Conrad Good-
ballet who resigned. He was the only
man to hold the position two years.
His predecessors for many years quit-
ting the job short of that period. The
position now pays \$1,600 a year.

Here is Mr. Larcombe's resignation:
"Hon. J. S. Wilson, mayor,
East Liverpool, Ohio:

Dear Sir—I hereby tender my resig-
nation as street commissioner to
take effect December 1st. I leave the
employment of the city to take the
labor foremanship at Knowles, Taylor
and Knowles pottery.

The low wages for the time required
to perform the duties of street com-
missioner causes me to seek other
employment. The position of street
commissioner is one of the lowest paid
positions in the city, less than the cap-
tain of police and assistant chief of
the fire department.

My relations with you and the ser-
vice director have always been pleas-
ant and it is with regret that I am
compelled to sever my connection with
your administration.

Respectfully Submitted
Brady Larcombe.

DEMOCRATIC MAYOR IS REMOVED FROM OFFICE

COLUMBUS, Nov. 26.—Charles E.
Poorman, Democrat, has been perma-
nently removed as mayor of Canton
by Gov. Cox.

This action was taken as the result
of the hearing held at the governor's
office yesterday, in which Attorney
Frank M. Sweitzer of Canton, coun-
sel for Poorman, sought to prove that
the governor's thirty-day suspension,
made Oct. 27, ousting Poorman from
the mayoralty, should not be made
permanent. Poorman's suspension
was due to alleged failure to do his
full duty in quelling steel strike dis-
turbances.

WARRANT ISSUED IN ALLEGED LIQUOR THEFT

Thomas Cloran, Former Sa-
loon Keeper, Prefers Charge
Against Eugene Thorne,
Farmer, Living North of
City.

Alleged theft of bonded whiskey
valued at approximately 29,000, be-
longing to Thomas Cloran, proprietor
of an East Sixth street soft drink es-
tablishment, from a temporary stor-
age on the Eugene Thorne farm near
Little Round Knob in Madison town-
ship, eight miles north of here, de-
veloped Wednesday afternoon with
the filing of an affidavit in Justice David
McLane's court, charging Thorne
with embezzlement.

The charge was preferred by Cloran
and a warrant placed in the hands
of Constable F. P. Wherry for service
upon Thorne Wednesday afternoon.
Then barrels of whiskey are said
to have been included in the stolen
loot. The whiskey was purchased by
Cloran, it is said, before the saloons
went out of business and was stored
on the Thorne farm for safe keeping.
About a week ago Cloran visited the
farm to see the whiskey and was told
by Thorne that a man had driven up
in a motor truck and presented a no-
ticed by Cloran, instructing him to
surrender the whiskey to the bearer.

DENTIST AT NORWALK SLAIN WHILE FIRING FURNACE AT HOME

Mystery Surrounding Shooting of
Dr. Horace A. Benson Expected
to be Cleared as Result of Arrest
of Man of German Birth.

BULLETIN

NORWALK, Nov. 26.—Patriotic activities of Dr. Horace A.
Benson, 60, dentist, resulted in his death.

Authorities announced this afternoon that Charles F. Rehfield,
a German farm hand, captured by a posse after an all-night search,
had confessed to killing Dr. Benson and admitted that he had
planned to "get" others who were prominent in war-time activities
here.

NORWALK, O., Nov. 26.—Police believed the mystery surrounding the
shooting last night of Dr. Horace A. Benson, 60, a well known dentist, would
be cleared today following the arrest of Charles Rehfield.

Rehfield was arrested this morning on a farm four miles east of here
after an all-night search and police say he will be charged with the shooting.

The man under arrest is alleged to be of German birth and, according
to the police, had trouble with the dentist recently over a farm transaction.

Rehfield, the police say, was recently refused a passport to Germany.
He was arrested on an espionage charge last year but later released by the
federal court at Toledo.

Dr. Benson was shot last night while tending the furnace in the base-
ment of his home. The bullet came from a basement window and passed
through his back, killing him instantly. His body was found by his wife.

Last Friday another shot was fired into the Benson basement from an
other window, striking the furnace. At the time Dr. Benson believed it to
have been fired accidentally by a boy.

ONE WOMAN DEAD, ANOTHER IS DYING IN POISONING CASE

BALTIMORE, Nov. 26.—With Mrs.
Catherine Bristol, 25, of Philadelphia,
in Johns Hopkins hospital, blinded
and at the point of death, the mystery
surrounding the death of Miss Lucille
Sharp, 28, of Winston-Salem, N. C.,
and the supposed poisoning of Mrs.
Bristol, remained unclear today.

John Kelley, 48, in whose apartment
both young women were stricken sud-
denly ill, and Allie Osman, a wealthy
Turk, of New York, who was a visitor
at the Kelley apartment, are held pend-
ing a further hearing set for next Mon-
day. The men are held "pending in-
vestigations," the prisoners have re-
tained William L. Marbury, a noted
Baltimore attorney, as counsel.

The police today continued their
search for a "peculiarly shaped bot-
tle" which Dr. John T. King, who was
called in to attend both young women,
testified he had seen in the Kelley
apartment. Dr. King testified Kelley
had informed him that he (Kelley)

had made a milk punch for Mrs. Bris-
tol from part of the contents of this
bottle. Kelley denied knowledge of
the existence of the bottle. Kelley
said it was his belief that the young
woman became ill following the eat-
ing of some fish purchased in a down-
town restaurant. Dr. King declared
that both women showed symptoms
of wood alcohol poisoning when he
was called to attend them.

During a brief period of conscious-
ness Mrs. Bristol dictated a note to
a police sergeant who is on guard at
her bedside, declaring her implicit con-
fidence in Kelley.

Coroner Lloyd Smith will go to Win-
ston-Salem, N. C., to assist in an au-
topsy to be performed on the body of
Miss Lucille Sharp to determine what
caused her death. The police declar-
ed today that nothing has so far de-
veloped that would warrant them in
ordering the release of Kelley and Os-
man and are continuing their efforts
to straighten out the tangle.

FIREMAN KILLED, 20 INJURED IN SANTE FE TRAIN SMASH-UP

FORT MADISON, Ia., Nov. 26.—
Acetylene torches are eating their way
through the steel sides of the engine
of California-bound Santa Fe passen-
ger train No. 1 in an effort to rescue
Engineer Joe Spring, of Chicago, who
was pinned beneath the wreckage of
his cab when the train collided head-on
with a freight train at the east end of
the Mississippi river bridge here early
today.

Fireman Joe Griswold, of Fort Ma-
dison, was scalded to death and it is
feared that Spring will die before he
is rescued. More than a score of pas-
sengers received injuries.

Spring's body, partly submerged in
water, is caught fast. For two hours
after the wreck occurred rescuers
could hear his voice pleading with
them to come to his aid. These appeals
have ceased, however, and it is feared
he has perished.

The trains crashed together as a re-
sult, it is believed, of the failure of
a signal operator at Fort Madison
to hold the passenger train at that
station until the arrival of the freight
train. It is reported the operator went
to sleep and failed to deliver orders
to the passenger train.

The engine of the freight was split
almost in two by the impact. Both
engines and two baggage cars are
partly submerged in the river, the
track is torn up for 200 yards and
freight and passenger coaches are
strewn along the right of way.

"I Am Climbing Mountains" A Harmonious Tenor Duet

This sentimental song of childhood's and manhood's dreams and ambitions is a beautiful bit of harmony. Both this song and the coupling, "Golden Gate," are worthy successors to "I'm Forever Blowing Bubbles," by the same authors. Charles Harrison and Lewis James—a new combination—sing them wonderfully.

BILLARD ROOM BURGLARIZED

The robbery of a near beer emporium and billiard rooms in Main street and the attempted robbery of the Sylvester grocery store in Third street shortly after midnight Tuesday night are believed by local police authorities to have been another attempt at a series of thefts such as occurred here several weeks ago.

The billiard rooms, owned and operated by an Italian, evidently were first entered. The thieves secured about \$35 or \$40 worth of articles including cheap watches and other forms of jewelry and novelties on sale here. The place was thoroughly ransacked. Entrance was made through the rear apartments of the building. One of the windows was shattered, giving the thieves access to the apartments.

An attempt was made to enter the Sylvester grocery store in Third street a short distance from the billiard rooms. The glass in one of the rear doors was broken, but the doors were locked when an investigation was made Wednesday morning which leads the proprietors of the establishment to believe the thieves were frightened away.

The police think the work is that of amateurs.

AFTER SICKNESS

The great drawback to a complete recovery is that awful weak, devitalized condition which is so hard to overcome. It seems as though every organ in the body lacks strength. Druggists recommend Vinol, the cod liver and iron tonic without oil, as the quickest aid to recovery; it induces a hearty appetite, promotes sound sleep, aids digestion and builds up strength, vim and vitality. Why not try it on this guarantee?

HOUSE CAT KILLS BIG BLACKSNAKE IN FIGHT

GALENA, Kan. — "Tabby," a black and white house cat, the playmate of Teddy White, infant son of Mr. and Mrs. J. H. White of Galena, came nobly to the rescue recently when a large blacksnake approached the baby carriage in which Teddy was slumbering peacefully on the lawn of his parents' home.

Mrs. White, hearing a commotion in the yard, rushed to the door and saw the baby on the ground with two savagely whirling bodies within a few feet of him.

After rescuing Teddy, Mrs. White turned her attention to the battle, which was short lived, as Tabby suddenly sank her teeth into the reptile's head and won, "ace high."

The snake measured five feet two inches.

GLASS OF SALTS CLEANS KIDNEYS

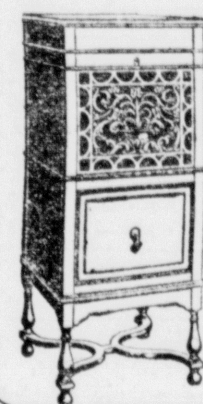

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidney trouble and backache.

THANKSGIVING.

It is true that this Thanksgiving Day finds the people of the United States facing many new and difficult problems. The disorder and unrest which war left to the world have touched American life only in less degree than they have cursed the Old World. The ideals for which we fought Prussian autocracy have still to be saved from the autocracy of selfishness, distrust and greed.

But in spite of a few real perils and many fancied ones, the people of the United States still have much to be thankful for. It is well, on this annual festival of thanksgiving, to think over some of these blessings. As on the first Thanksgiving day, we may rejoice in plentiful harvests. There has been abundance of food for ourselves, and much to spare for needier lands across the seas. In spite of the high cost of living there has been a general increase in prosperity which has enabled us to enjoy many of the good things of life in larger measure than in the past.

Our schools and colleges are filled to overflowing with young men and women eager to learn how best to perform their coming tasks of citizenship and leadership. The true meaning and value of our national ideals stand out today clearly defined and worth-while, in contrast to the false ideals which led the world into so much suffering and disaster. The blessing of opportunity—perhaps the greatest of them all—is ours in the fullest sense. Let us translate our thanks-giving into action, seizing our opportunity to live more fully, serve more loyally, stand more firmly for true liberty and justice and brotherhood and to fight more courageously for the right than we have ever done before.

CHILDREN AND HOUSES.

A woman writes to a city newspaper: "I have no houses to rent, but if I had fifty I would let them stand idle before I would rent to people with children—and I raised a family myself. I own my home in a street where it is almost impossible to have a spear of grass, shrub, flower or anything without a constant quarrel with children.

"If we or our neighbors seed or sod and put a nice fence around the lawn, in the morning the fence is gone, lawn trampled down and everything spoiled. They mark the walks and houses as high as they can reach with hideous chalk marks; use our lawns as a playground, break off the shrubbery we try to plant, and do dozens of other things too numerous to mention. I have seen the inside of many homes this summer where there are children, while looking for a place to buy, and if any member of your staff had had to pay the repair bills after the property was vacated, you probably would change your point of view."

This woman's experience is duplicated in hundreds of neighborhoods. The remedy for the trouble does not lie in drowning the children, either. The key to the situation is found in her own words—"They use our lawns for a playground"—because, forsooth, they have no other.

Children are rough little animals. They have plenty of imagination, but it does not work on such matters as protecting other people's lawns unless it is deliberately directed toward them. And directing it by prohibitions, naggings or the birch does not fill the bill.

But if this woman's neighbors were to get together, and instead of making their meeting one of indignation, should establish a playground in a vacant lot or on the school grounds, a playground with sand piles and swings and teeters and ball fields and bits of garden where the youngster might learn to make gardens instead of destroying them, the troubles complained of would doubtless disappear.

Parents are often lax about discipline. But discipline of the purely negative sort seldom works. "Don't scratch the furniture!" helps only for the moment.

"Don't throw things in the house, sonny—do your throwing out-doors. That's what outdoors is for." We do the rough playing on the playground, and the quiet plays in the house. Then our home always looks nice to us when we come in to it again." That establishes a principle—that there is freedom in its place, and that there is some sense in trying to keep the house nice.

In order to put this over, however, the playground is essential. Children will be free. If a just freedom is denied them, they will take an unjust one.

ALONE IN A CRAZY WORLD.

It may not be generally known that we have with us unofficially in this country the ambassador of the Russian Soviet government.

The latter gentleman, who goes by the name of L. C. A. K. Martens, is in New York City, busily disseminating Bolshevik propaganda through the agency of the Russian Soviet Bureau. He insists on his title, though the government, naturally enough, refuses to recognize him. And the remarks he lets out from time to time give an illuminating glimpse of his mentality and that of his associates.

The American public, announces this alphabetical ambassador, is suffering from "collective paranoia." That is to say, this nation is crazy.

There are plenty of people who believe that everybody else is crazy. Most of the men and women holding to that view are in insane asylums. All the Bolsheviks seem to think that they are the only sane men in a crazy world. It is hardly necessary to suggest, then, where they belong.

The dancing mania is here again. They used to credit this mania to booze, and now they credit it to prohibition. The solemn truth is that people dance simply because they like to dance, and it's a form of intoxication in itself, which hasn't anything to do with alcohol.

Kipling said something when he announced that "There are four-and-twenty ways of composing tribal lays, and every single one of them is right." There must be at least 100 different makes of automobile in this country, and every single one of them is demonstrably the best, as anybody can see for himself by reading the ads.

NEW YORK LETTER

By O. O. McINTYRE

NEW YORK Nov. 26.—A page from the diary of a modern Samuel Pepys: Up betimes, and after a quick small bite to eat I mounted and rode with J. Powers around the park and a mighty fine chill there was in the air. At a slovenly place we stopped for a big breakfast and twice we got bad eggs, which vexed us to the blood, and so to Ripley's the sketched, who made hot toast and coffee but By the Saints his eggs were spoilt too.

In my riding breeches to J. Barnes Wells and he did lead me to the Savoy where a right merry gathering and they fell to discussing the book Madeline, the true autobiography of a harlot, some claiming it great and others mawkish and I vowed to read it.

Thence Wells to his home and I to E. Simpson, the barrister, and found Mistress Louise hath bought a new pup, a Boston, and as sad eyed a dog as ever I saw, I'll be bound, but right waggish and cunning. And I stayed all the forenoon romping with him and named him Gambler which I think is a fairish name.

Home and ate with my wife, poor wretch, a dish of my own directing made of chopped meats and a mayonnaise. Bide Dudley came to say he was going on a journey and I made bold to undertake to keep the key of his cellar but he was suspicious and obstinate. Lord! what a simple, untrusting coxcomb.

In the late evening through the town I saw Mme. Yvette Guilbert, in brave furs, and J. Drew, the play actor, and Commissioner Enright all walking quickly for exercise. Home again where I read late and so to bed.

Undertakers in New York now have press agents. Two of the biggest establishments in town, one with its own church on Broadway—have employed trained newspapermen to look out for their publicity needs. One of the press agents is a Dartmouth man and is said to get \$12,000 a year. There are some unusual stories in the daily clerics that are uttered in various funeral chapels in New York and a good writer can weave the material so gathered into a thriller, either alone comedy lines or those of grimy tragedy.

No longer will those queer, watery eyed down-and-outers sine out, "Matrimonial Noose" in front of theaters and cafes at night along Broadway. The "Matrimonial News" was raided the other day at the District Attorney ordered that its publication be stopped. The paper did a thriving business among other things in the highly philanthropic work of selecting mates, by scientific means, for the matrimonially inclined male and female.

A hark back to the days before July 1 was enjoyed briefly by the visiting hotel men at the convention here last week. At the annual dinner served by young John McK. Bowman at his Commodore hotel there were cocktails, highballs, and even fizzing champagne. Jack has a cellar out at his country home on Long Island and he went clear down to the second level for some choice drinks for his associates. Reporters said it was the first thing like a regular banquet they had seen since July.

SMOKE READY FOR BIG FIGHT

League Is Formed to Combat Anti-Tobacco Legislation.

WASHINGTON, Nov. 25.—The smoke is ready for war.

The National Tobacco League of America, organized to combat anti-tobacco legislation, has opened headquarters here to keep a watchful eye on congress.

Today the league issued a scathing denunciation of Dr. Clarence True Wilson of the temperance board of the Methodist church, declaring that he has libeled the president and the government and cast serious reflections upon those American soldiers who smoked cigarettes in the line of battle.

In an open letter to Bishop McDowell of the Methodist church, the league today declared that smokers are "God fearing people" and "their quarrel is never with the church, but it is with those members of it who prefer fanaticism to the Christianity that respects the truth as Jesus taught it."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

The State supreme court at Charleston, Tuesday, refused to grant the injunction suit, postponing the "Greater Wheeling" election, and as a result the voters of Wheeling, Warwood and a number of other smaller towns Wednesday are balloting on the proposition to combine the several municipalities into one town.

Election officials predict an overwhelming victory for the proposition in Wheeling, while the voters of the many small towns, to be taken into the city if the proposition carries, are expected to give slight majorities against it. Supporters of the proposition claim that the plan will carry by 1,500 majority.

Salute the Ham and---

Think of all the Misguided Dyspeptics Who Refuse the Good Things to Eat for Fear of Indigestion. No Trouble Like That if You Follow Meals with Stuart's Dyspepsia Tablets.

Lay a slice of broiled ham on a white plate with a couple of nicely

fruits, and there you have a picture. Salute the autocrat of the breakfast table.

But, you say, I can't eat ham and— they don't agree. This is the sort of prejudice a host of people have against many of the most tempting dishes, people who have just as much trouble with a glass of milk or oatmeal as they do with fried onions. Try eating what you like and follow your meal with a Stuart's Dyspepsia Tablet to relieve possible gasiness, rumblings, drowsiness, sour risings, heartburn, water brash, and the "stuffy" feeling after eating. These Tablets contain harmless ingredients that act with an alkaline effect just as the stomach does when it is perfectly normal.

Many physicians prescribe them for indigestion, dyspepsia and other digestive disorders, as they are sold in all drug stores everywhere in the United States and Canada. The druggist recommends them as among his steady staples for they really give relief and are highly appreciated.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

BOTH TRACKS ON LOCAL CAR LINE NOW OPEN

Cars over the Chester branch of the Steubenville, East Liverpool and Beaver Valley Traction company's lines, which have been single tracking above the First street crossover, pending improvements to the tracks on Carolina avenue between Third and Fifth streets, Tuesday started traffic over both the east-bound and west-bound tracks.

The improvement to the tracks between Third and Fifth streets has been completed, although the stretch of pavement between the Middle Run bridge and Fifth street on the east-bound track is still torn up. Work on the improvement is held up because of the weather. An effort will be made to re-lay this stretch of pavement as soon as the weather permits.

Regular schedule over the Chester line cannot be established until the improvement to Market street in East Liverpool is completed. This work, too, is being held up on account of the weather and it is not believed that the cars will be made to make the loop through the Diamond until Christmas. For the present time the cars are making the corner of Fourth and Market streets as their East Liverpool terminal.

CHANGE NAME OF POWER CO.

Buckeye Power Co. Takes Over Holdings of Ohio River Corporation.

The Ohio River Power company, which controls practically all the electric lighting and power facilities in East Liverpool and Wellsville, has surrendered its holdings to the Buckeye Power company, it was announced Tuesday.

The Buckeye Power company is controlled by the same officials as the Ohio River Power company and the deal means simply a change in the operating name of the corporation. The Ohio River Power company leased the electric lighting system in this district from the old East Liverpool Traction & Light company five years ago.

At the same time the Buckeye Power company took an option on the holdings of the company. A deal was closed Nov. 1 under which the Buckeye Power company purchased the system.

DOROTHY GISH IN FILM AT DIAMOND

Probably it will come as a distinct surprise to friends of Dorothy Gish to learn that she is to some degree an expert revolver shot. Confidentially, it is no less a surprise to Dorothy herself, and the manner in which certain scenes of her latest Paramount picture, "Nugget Nell," to be shown at the Diamond theater Wednesday and Thursday, were made will be kept a deep, dark secret in the archives of the Paramount producing staff.

When the picture was begun, and it was decided 44 hours would play, a prominent part in the picture, Dorothy began to wonder how she would behave under fire.

"I was in France when the German guns were throwing shells so close we had to quit taking pictures," she said, "and I know just exactly what I did at that time. But as a matter of cold fact, I never fired a revolver in my life. I did shoot a shotgun belonging to my cousin and it gave me the nose bleed and bruised my cheek."

Nerv-Worth Co. — I have used some of your Nerv-Worth and find it very beneficial. I had stomach trouble. Gas formed in my stomach causing much bloating. My blood circulation was bad and at times I had dizzy spells. Since using Nerv-Worth I am much improved in every way.

WILL APPEAR HERE WITH VICTOR ARTISTS

ALBERT CAMPBELL.

The first tenor of the Peerless Quartet and one of the Sterling Trio, is a New Yorker by birth, education and taste. His career has been almost entirely confined to making records. Campbell began life as a glass cutter, and perhaps in this way he learned to make the mysterious grooves in Victor records which yield so much music. He has been especially successful in duets with Henry Burr. He will appear in concert with the Eight Famous Victor Artists on Monday evening, Dec. 8, at the Ceramic theatre.

FEATURE FILM AT STRAND THURSDAY

The Strand theater announces that it has secured for presentation on Thanksgiving and Friday and Saturday, America's big new super-feature, "Six Feet Four," the picturization of Jackson Gregory's vibrant story of the great outdoors. The adaptation, which was prepared by Stephen Fox, is said to adhere with great fidelity to the original story and to abound in thrills, romance, quiet humor and "dramatic punch." It has taken six months of studio and laboratory work to get this big feature ready for the screen, and we are promised something decidedly out of the ordinary—an action picture "with a difference."

BIG BOOKING AT CERAMIC FOR FRIDAY

"Herrmann the Great" and three big attractions in one, coming to the Ceramic Friday, Nov. 28.

"Felix Herrmann" is a master of magic, a man of wonderful, keen and resourceful mind who loves the art for itself. The ordinary or vaudeville magic has no charm for him. The stronger, deeper, original and problematical attracts and holds him in passionate embrace. Thirty years of untiring exploration and research of the most difficult and unfathomable, together with a brilliancy of execution that is startling, a magnetic and compelling personality combined with a genuine artistic finish unquestionably entitle him to the degree of "past master."

MUSICAL SUCCESS IS COMING TO CERAMIC

"Maytime," the outstanding musical success of the past few seasons, will

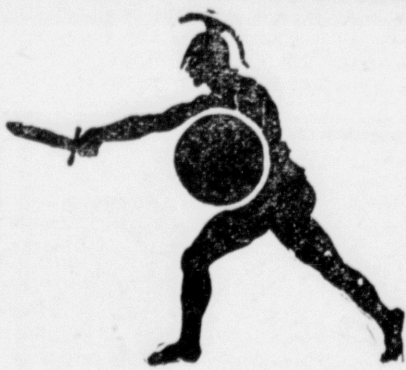

be the attraction at the Ceramic theatre Dec. 3. It is under the direction of Messrs. Lee and J. J. Shubert and has solidly established itself as the most popular offering yet sponsored by this enterprising firm of impresarios. Rida Johnson Young, who wrote such pleasantly recalled offerings as "Her Soldier Boy," "Naughty Marietta," "Capt. Kidd Jr." and "Brown of Harvard," is the author of "Maytime." The musical setting of the piece was furnished by Sigmond Romberg, composer of "Her Soldier Boy" and many

Use Famo Every Day If You Want Healthy Hair

The daily use of FAMO on the scalp is as necessary as the tooth-brush three times a day.

FAMO does kill the seborrhea germ that causes dandruff, after a few applications.

But that is really not enough.

Unless the scalp is kept absolutely clean, the deadly germ will return.

We know of nothing but the daily use of FAMO that can make it impossible for the dandruff bacilli to grow and FAMO is the one hair preparation that you can safely use daily with beneficial results.

This regular use of Famo means not only a clean, healthy head.

It means also, soft, luxuriant hair and new hair—unless, indeed, the hair roots are dead.

FAMO prevents falling hair and itching scalp.

It has given relief to thousands of sufferers from dandruff.

It retards grayness. Alcohol dries the scalp and hastens grayness.

The application of FAMO takes but a moment.

Sprinkle FAMO on the head and almost at once it is absorbed into the scalp glands and is destroying the deadly seborrhea germ.

So use FAMO every day. No massaging or shampooing is necessary.

FAMO is sold at all toilet goods counters, in two sizes—\$1 and 35 cents.

The larger bottle contains a third more than the average.

If it does not give satisfaction, money will be refunded.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales or flakes and is commonly known as dandruff.

Druggists and Doctors Astonished At Wonderful Power of Nicotol To Stop the Use of Tobacco

To Detect Harmful Effects of Tobacco Try These Simple Tests

New York—Mr. Tobacco User, any druggist will tell you that a remedy to be successfully sold must, above everything, possess merit, otherwise failure is inevitable. Nicotol, the famous remedy for the tobacco habit, was a success right from the start, simply because it quickly does the work promised. We publish a few letters from some of the best known druggists in the country to give you an idea of what they think of Nicotol, and you may rest assured that they would not permit the use of their names unless Nicotol was something out of the ordinary. The Peoples Drug Stores have five of the best stores in Washington, D. C. They write: "Since using Nicotol I am much improved in every way."

article have been very favorable." Dr. Conner, formerly of Johns Hopkins Hospital, tells how to detect the harmful effects of tobacco. Here is what he says: "Many men who smoke, chew or snuff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been affected had it not been for the use of tobacco to excess, and thousands would soon get well if they would stop. The chief habit forming principle of tobacco is nicotine, a deadly poison which the nerves absorb by the system, slowly affects the membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One with a weak nervous system, others with catarrh of the throat, indigestion, constipation, memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer of the throat. If you use tobacco to excess in any form you can easily detect the harmful effects, by making the following simple tests: Read aloud one full page from a book. If in the course of reading your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next in the morning before taking your usual exer-

GOOD-BYE, WEAK NERVES!

"Nothing wrong but my nerves". We hear it everywhere. Nervousness is a disease. A man or woman might better have a broken arm or leg than a shattered, run-down, nervous system.

Overwork and worry drains the nerve cells of all their strength and vitality; then come the sleepless nights, poor blood, nervousness, worry, and fear, that go with a run-down nervous system.

In cases of this kind, Phosphated Iron rarely fails to strengthen and build up the phosphate-hungry nerve centers. It takes hold right from the start.

The way the majority of people "come back" is remarkable. You can almost see their nerves grow strong, steady and peaceful. Their eyes sparkle, their cheeks are filled out, and flushed with the healthy, ruddy glow that only pure, red, ironized blood can give, and their whole system is alive with youth, energy and good spirits.

Phosphated Iron will do all this for old or young if they will give it a chance. Get a box today and watch it build you up.

LITERARY ENTERTAINMENT GIVEN IN HIGH SCHOOL

A literary entertainment was given by the members of the Kappa Alpha Literary Society in the high school assembly room Wednesday afternoon. The program will be in keeping with the Thanksgiving season.

Entertainments are also being given in a number of the grade rooms in both the Central and Washington school Wednesday afternoon it was announced. The parents of the pupils have been invited to attend these affairs.

There will be no sessions of school Thursday, Thanksgiving Day, but school will resume again as usual on Friday following. It has been the custom in previous years to allow a two-day vacation at Thanksgiving but because of a state law, which requires that a school month shall consist of 20 days, it has been found necessary to hold school on the day following the holiday this year.

I almost gave up raising chickens, but now I have decided to raise as many as I can."—Mrs. F. C. Young, Bellefonte, Pa. Feed is too expensive to waste on idle hens. You can easily start your hens laying and keep them laying, even in coldest winter. To prove it, all you need do is accept our offer, as Mrs. Young did.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded. Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying. Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Bulger-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

Watch Your Blood When The Iron Runs Low You Are In Danger

The Same As When The Mercury Goes Down You Know There Will be a Frost

How To Make The Test That Tells

Actual blood tests show that a tremendously large number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron. Iron deficiency paralyzes healthy, forceful action, pulls down the whole system and weakens the entire system. A pale face, a nervous irritable disposition, a lack of strength and endurance and the inability to cope with the strong vigorous folk in the race of life—these are the sort of warning signals that Nature gives when the blood is getting thin, pale, watery and literally starving for want of iron. If you are not sure of your condition, go to your doctor and have him take your blood count and see where you stand or else make the following test yourself: See how long you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. By enriching the blood and creating new red blood cells Nuxated Iron strengthens the nerves, rebuilds the weakened tissues and helps to fully renew energy and power into the whole system. Unlike the older inorganic iron products Nuxated Iron is easily assimilated, does not irritate the stomach, makes the blacker stool of the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser who will follow the directions. It is dispensed by all good druggists.

BANISH CATARRH

Breathe Hyomei for Two Minutes and Relieved Stuffed Up Head.

If you want to get relief from catarrh, cold in the head or from an irritating cough in the shortest time breathe Hyomei.

It should clean out your head and open up your nose in two minutes and allow you to breathe freely. Hyomei often ends a cold in one day, and brings quick relief from snuffles, hard crusts in the nose, hawking, spitting and catarrhal mucus.

Hyomei is made chiefly from a soothing, healing antiseptic oil, that comes from the eucalyptus forests of inland Australia where Catarrh, Asthma, Bronchitis, Tonsillitis, Influenza, Pneumonia and Consumption were never known to exist.

Hyomei is pleasant and easy to breathe. Just pour a few drops into the hard rubber inhaler, use as directed and relief is almost certain.

A complete Hyomei outfit, including inhaler and one bottle of Hyomei, costs but little at Bulger's Pharmacy and druggists everywhere. If you already own an inhaler you can get an extra bottle of Hyomei at druggists.

Will the Influenza Return?

Public Health Authorities Predict Its Recurrence

Guard Against It by Building Up the Blood

Pepto-Mangan Creates Rich Red Blood and Increases Strength

Surgeon General Blue, of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that weak, bloodless, rundown individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust, red-blooded man or woman. In view of these facts it is wise to use every effort to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.

BETHANY COLLEGE ELEVEN BOOKED BY FOREIGN WAR VETERANS

PLAY HERE ON THANKSGIVING

West Virginia Aggregation Being Brought Here at Big Expense to Local Management—Game Will Be Started Promptly at 2:30 Thursday Afternoon.

If Jude Pluvius will only smile kindly on the world at large between now and Thanksgiving football fans of the city will be dished up a program that will cause many late dinners and many more late suppers.

The first thing in the morning will be the game between Wellsville High and East Liverpool High at West End park. It is scheduled to start promptly at 10:30 o'clock.

The second and biggest event of the day's card will be staged at 2:30 o'clock in the afternoon when Bethany college will go against the Veterans of Foreign Wars eleven at West End park. Through the permission of Manager Callahan of the former Grands, the Vets have obtained possession of the ground for the afternoon to battle the West Virginians.

The Bethany college outfit will average in weight approximately 170 pounds or more and will be a tough Thanksgiving bird for the Veterans to digest. Bethany defeated Muskingum college 13-6, beat Geneva 14-7, went down before Washington and Jefferson, 14-0 and was blanked by Carnegie Tech, the plaid scoring 33 points.

The West Virginia team is being brought to this city at a great expense and the support of gridiron fans of this city is deserved. It will be the

concluding game on the schedule of that club, following which they will disband for the season.

It will be just such an attraction as fans of the city and vicinity have been longing for all season and will be the best football performance to be staged in this district during the year. It might arise to queer the playing of the game, and that is the rain. Tuesday's rain converted the park at West End into a veritable lake and the indications are that the grounds will not be in any too good shape for the game Turkey Day afternoon.

The Veterans will find them against an organization that will outclass the Sebring Tigers, or the Martins Ferry Capital Inns, two of the best elevens that the Vets have went against this year, or in fact any other aggregation that the Vets have gone against during the 1919 campaign.

The team from the West Virginia educational institution is composed mostly of men who are finishing their college careers there this season. They are all huskies and know the game.

The time of starting has been moved up from 3 o'clock to 2:30 in order to permit the college lads to catch a train to return to their own back yard early in the evening. Officials for the engagement have not yet been chosen.

FAST BOUT AT BEAVER FALLS

Many East Liverpool sport followers will conclude their day of festivities Thanksgiving when they will take in the Greb-Zulu Kid battle at Beaver Falls Thursday night under the auspices of the Nonpareil club. The bout will go ten rounds.

Greb's opponent is due to reach Beaver Falls Thursday. He will travel from Brooklyn to Pittsburgh, reaching the Smoky City Wednesday where he will remain all night and will proceed to Beaver Falls Thursday morning.

This match has stirred the Beaver valley ring fans and the Nonpareil club will be packed to capacity when Greb and the Zulu Kid toe the scratch Thanksgiving night. It is Greb's initial appearance and he is meeting a worthy foe in the Zulu Kid the bout looms up as being exciting from beginning to end.

The preliminary program is also a good one and two hurricane sessions are anticipated. Marty Woolsey tackles Tommy Ryan in the opening bout and Kid Alberts will try conclusions with Eddie Gray in the semi-final.

PENNOVAS PLAY TORONTO CLUB

The Pennovas of this city will find themselves up against one of the classic junior teams in the valley when they oppose the Toronto Aces Thanksgiving afternoon at Toronto.

The Pennovas held their final practice session Wednesday afternoon on Thompson avenue, following which a meeting was held. The local team is in good shape for the contest and is confident of returning home with a win.

CAL DELANEY SHOWS WHIRLWIND FINISH

CLEVELAND, Nov. 26.—Cal Delaney, Cleveland lightweight, had an edge over Johnny Noye of Minneapolis here last night gained through a whirlwind finish. In the tenth and final round of their bout Delaney closed both of his opponent's eyes and Noye narrowly escaped a knockout. The bout was fast throughout.

In the preliminaries Young Belmont stepped Johnny Harcourt in six rounds; Jack Odell was stopped by Johnny Shea in the fifth round and Charley O'Connell was declared winner over Kid Charles when the latter's seconds tossed in the sponge at the end of the fourth.

BRAVES MAY TURN HANK GOWDY LOOSE

Hank Gowdy in action.

By N. E. BROWN.

Lank Hank Gowdy, the first major league ball player to offer his services to Uncle Sam in the recent fuss across the pond, is about to get the tinware tied to him.

On the face of it that report is enough to arouse one's indignation. "The reward for patriotism," someone will say.

But the fact is, the canning's in Hank's favor.

George Washington Grant, owner of the Braves, is planning on a general house cleaning before next season rolls around, and will turn loose all, or most of, his veterans to get new blood into the outfit.

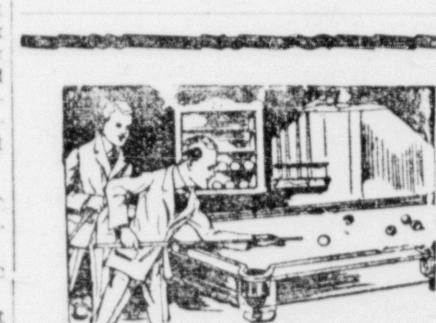

Now Hank is a veteran but he isn't done — or slipping. So the change will benefit him. When Hank left for the European battlefields he was one of the peppiest and one of the classic catchers in the big show. His hitting in the world series a few seasons ago had made him a hero.

When he returned from France he rejoined the Braves and showed all his old-time pep. His layoff hadn't hurt his general playing, either. But the Braves were in the rut which they have worn since their pennant year and Gowdy soon saw that his pep was falling on barren ground. Consequently he too lost his interest.

Hank's still there as a catcher and the fans haven't forgotten his patriotism so, when Grant asks for bids on Lank Hank three or four clubs which need an Al backstop probably will be willing to go fairly high for him.

With a new club—especially one that has a little of the old fighting spirit in it, Hank ought to be there day in and day out, a valuable addition to the lineup. Whatever happens to Hank the fans'll be for him to a man.

JACK BRITTON WINS

BUFFALO, Nov. 26.—Jack Britton, of New York, welterweight champion, won in a ten-round box here last night over Harvey Thorpe, of Kansas City.

ARMY AND NAVY TEAMS AT IT

NEW YORK Nov. 26.—The renewal of hostilities on the gridiron between the Army and Navy elevens next Saturday will bring out a capacity crowd.

John B. Foster, of the New York Baseball club, which is handling the ticket sale for the game, announced today that all reserved seats with the exception of a few scattering box seats have been sold. This means that more than 44,000 football enthusiasts are in possession of the coveted tickets.

The Navy's football squad will be the first to arrive, reaching here from Annapolis late tomorrow. The Army squad is due Friday night. Official Washington will be represented by many notables. Secretaries Baker and Daniels of the war and navy department General Pershing and March and other high army and navy officials will witness the contest. Vice President Marshall is expected to attend.

RIVALS READY FOR BIG GAME

Stage Set for Annual Battle of Orange and Black and the Blue and White—West End Park In Muddy Condition—Coleman's Men Sure of Winning.

For the first time Thanksgiving day in several years the Blue and White of East Liverpool and the Orange and Black of Wellsville may be forced to play in mud and water as a result of the continued downpour of rain of the past couple days instead of skidding around in the snow and ice customary at about this time of the season.

Wednesday morning the downfall continued on a pace and the skies gave no promise of relenting. It looks as though the skiffs and johnboats will have to be mustered out.

Manager W. W. Robinson of the East Liverpool team was sure Wednesday that the game would go thru in spite of the rain. "We can't hardly call this game off," he declared, "and it will be hard to postpone it."

Coach Charles Van Tilburg of Wellsville was doubtful as to what course to pursue and will likely leave matters in the hands of the East Liverpool management.

Coach John Coleman in speaking of the coming conflict, said, "I know the odds are against us and there is everything to show that the Wellsville squad has the edge on the Pottery Brown ends."

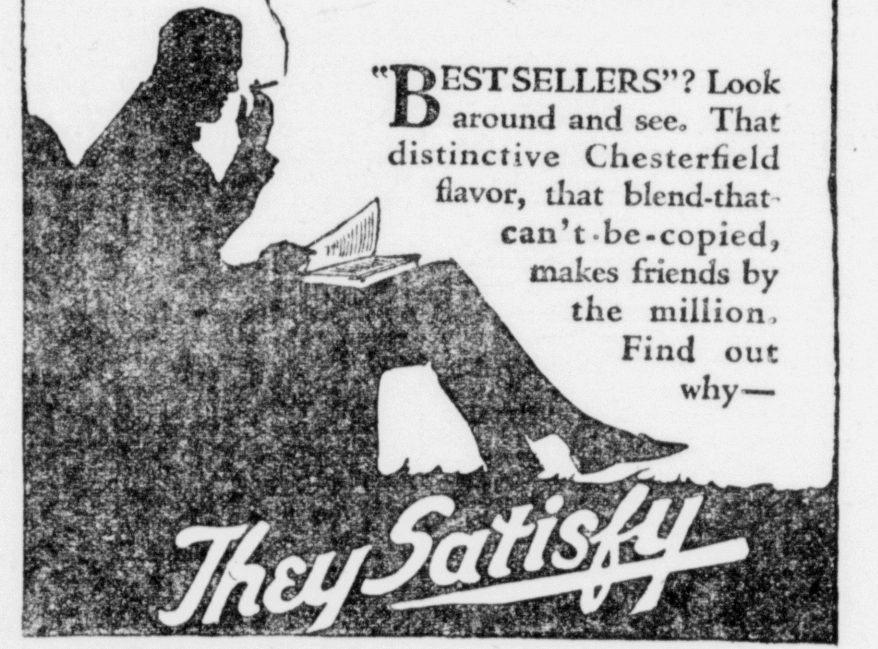

City lads, but in spite of this fact the Blue and White defenders are going into that game Thursday morning with every expectation of winning. If they lose it means simply that Van ilburg's boys are better than that. And as for protection the visitors will be given the best treatment in the world.

It was the opinion of the Orange and Black that neither team could show up to the best of its ability on a field in the condition that West End park is likely to be by Thursday morning.

Here are the probable lineups for the game:

Wellsville	East Liverpool
Zurbach	L. E. Jones
Kerr or Dowlin	L. T. Kinsey
Van Fossan	L. G. Robinson
Nelson	C. McKinley
Mick	R. G. W. McDonald
Dray	R. T. Manton
McSweeney	R. E. Buxton
Shoub	Q. Mayer
Patterson	R. H. Davis or Menga
Kerr or	L. H. G. McDonald
	Saltsman or Dimit
Arbaugh	F. Lynch
Subs—Kniely and DeBolt	guards; McKeever tackle; McCutcheon and Pottery Brown ends.

It has just been discovered, Fugel said, that there are several kinds of strawberries which will grow the year around.

**BURGLARS ATTEMPT TO
USE MUSTARD GAS**

ST. JOSEPH, Mo.—Mustard gas which proved effective in No Man's Land in France, was introduced in this city the other night, when two burglars, apparently familiar with handling it, attempted to suffocate Mr. and Mrs. T. J. Troman in their home. Shortly after midnight Troman was awakened by strong fumes in his room and, upon investigating, found that mustard gas was being pumped into the room through a window by two men who fled when Troman approached the window. The would-be burglars did not gain entrance to Troman's house.
